A new tension takes place between the military security forces and the Revolutionary Guard in Al-Mayadeen... here are the details

Sources revealed to Deir Ezzor **24** network that a dispute took place between a group of the Iranian Revolutionary Guard militia and elements of the military security forces of Assad regime in Al-Mayadeen city in the eastern Deir Ezzor countryside. The sources pointed out that the dispute occurred after the military security set up a checkpoint near a headquarter of the Iranian Revolutionary Guard in Al-Mayadeen city east of Deir Ezzor. The sources added that the dispute developed to the point that the military security forces and the Iranian militias pulled weapons on each other, and that the Iranian militias opened indiscriminate fire to stop the military security forces. The Military security forces then sent two vehicles and arrested two members of the Iranian Revolutionary Guard. The situation is still tense between the two sides until the moment of releasing the news. It is noteworthy that the Revolutionary Guard militia dominates almost the entire city of Al-Mayadeen in the eastern Deir Ezzor countryside, and establishes military and security headquarters in the area.

Iran produces large concrete walls to protect its headquarters in Deir Ezzor countryside

Sources revealed to Deir Ezzor **24** network that the Iranian Revolutionary Guard militia hired a company to produce large concrete walls in the countryside of al-Mayadeen city in the eastern Deir Ezzor countryside. According to the sources, the company is financed by “Jihad Al-Bina” foundation, that is sponsored by Iran. The company began producing concrete walls near Al-Mayadeen city. The sources indicated that the Iranian Revolutionary Guard militia is using the concrete walls to strengthen its security and military headquarters in the eastern Deir Ezzor countryside. The sources confirmed that a large part of the concrete walls that were brought recently to the eastern Deir Ezzor countryside, were transferred to al-Kam oil terminal or what the Iranian forces call the “Imam Ali Islamic centre”. The Revolutionary Guard militia also transferred some of the concrete walls to a military base that is being prepared in the badiyah of al-Mayadeen city in the eastern Deir Ezzor countryside. It is noteworthy that Iran relies entirely on the institutions it finances, and uses them for military and security purposes in its areas of control in Deir Ezzor countryside.

The coalition carries out a landing operation in Diban, and the operation results in the arresting of Daesh elements, and the killing of a civilian

Deir Ezzor **24** network correspondent said that the international coalition, along with a military force of the SDF carried out a landing operation this morning, Friday **22-11-2019**, in Diban town east of Deir Ezzor. According to our correspondent, the civilian "Khaled al-Hammoud" was killed during the operation, which resulted in the arresting of a group of Daesh elements who were using one of the town's houses as a headquarter. It is indicated that from time to time, the international coalition forces and the SDF carry out security operations in the eastern Deir Ezzor countryside, east of the Euphrates, to catch Daesh cells, that are active in carrying out lootings and killings against civilians and military personnel.

Several Children are infected with Leishmaniasis in Deir Ezzor.. and Deir Ezzor **24** reports the cases

Deir Ezzor **24** network correspondent said that many cases of leishmaniasis have recently entered the health centers and hospitals of Deir Ezzor.

Our correspondent added that a large number of children in the northern Deir Ezzor countryside, especially in Al-Azbah and Maezila areas, have been infected with leishmaniasis over the last period. The effects and skin rashes vary from child to child.

Leishmaniasis is a disease that affects the skin of humans, especially children. There are many reasons for its spread, at the top of the list, the lack of hygiene and the spread of dirt in the public squares.

Dismantling an explosive device that was about to cause a massacre in Al-Hawayej

Wednesday, a group of farmers from Al-Hawayej town east of Deir Ezzor found a bomb ready to be detonated in an agricultural land, Deir Ezzor **24** network correspondent said. According to the correspondent, the device was big and heavy. After seeing it, the locals informed the Syrian democratic forces of its place, which, in turn, removed it from the site. Following the incident, the SDF erected several checkpoints at the entrances of the town, and carried out a thorough search, particularly on the bearers of weapons, and confiscated a number of weapons. It is indicated that Daesh cells and groups affiliated with Assad's forces are occasionally active in the SDF-held areas of Deir Ezzor countryside, carrying out terrorist operations, such as killings and lootings, against the people of the region.

The Coalition carries out a landing operation north of Deir Ezzor, and here are the details!

Friday **29-11-2019**, the international coalition, backed by ground military forces, carried out a landing operation in Al-Harijiyah village north of Deir Ezzor, according to Ezzor **24** network correspondent. Our correspondent said that the operation resulted in the arrest of a group of people from the area who work in oil smuggling, on charges of dealing with Daesh. Also in Al-Hawayej town east of Deir Ezzor, the SDF carried out a campaign of arrests and raids, that resulted in the arrest of five people from the town on charges of communicating with Daesh. The operation coincided with an intensive flying by the coalition aircraft over the eastern countryside. In the same context, the SDF arrested seven people two days ago in Al-Tayanah village near Al-Hawayej town, on charges of association with Daesh. It is indicated that for a week, the international coalition and the SDF have been carrying out a security campaign in Deir Ezzor countryside in search of Daesh cells, that have been active in carrying out criminal acts in the region.

After two years of Assad regime's presence in Khsham, What has changed?

Deir Ezzor **24** network obtained exclusive photos from Khsham town in the eastern Deir Ezzor countryside, which has been under the control of Assad's forces since **2017**. The photos from the town show the massive scale of destruction and rubble caused by the Russian and Syrian warplanes bombings on the town before taking over it, without Assad's forces, or those affiliated with them dealing with this rubble, which hinders the movement of citizens, and poses dangers on their lives. It is indicated that Assad's forces and the Iranian militias have been in control of Khsham town, Tabiya Jazeera, Marrat, Hatlah, and Al-Salhiyah "east of the Euphrates" for two years, during which Assad regime has been focusing on the military aspects in these towns, and completely neglected all other civil, economic and services aspects.
