## **Assad's forces and militias target Deir Ezzor trees as winter approaches**

DeirEzzor24 correspondent said that members of the Assad forces and some of the Iranian militias affiliated with the Iranian Revolutionary Guards militia began cutting trees in different areas of Deir Ezzor. Our correspondent added that the tree-cutting operations are carried out using automatic saws, and are concentrated in the Al-Mariya area in the eastern countryside of Deir Ezzor, and some towns and villages in the western Deir Ezzor countryside, in addition to the cities of Al-Bukamal and Al-Mayadin. The most famous elements who cut trees in Deir Ezzor belong to the Republican Guard, with the aim of trading with the approach of winter and the scarcity and high prices of fuel

## Three cases of cholera were confirmed within one family in Deir Ezzor

The correspondent of DeirEzzor24 network said that 3 cases of cholera were recorded within one family in the Al-Jura neighborhood of Deir Ezzor city. Our correspondent added that, last night, they were admitted to the paid hospitalization department at the military hospital in Deir Ezzor. The Directorate of Health in Deir Ezzor announced two days ago that the number of confirmed cases of cholera reached 84, with two deaths recorded in the town of Khasham. The statistics of the Health Directorate are inaccurate, as the infections exceeded hundreds, according to a doctor, but the rate of recovery is high. The directorate confined its activities to awareness campaigns by the Red Crescent. The distribution of chlorine tablets is far from reality, and the infections exceeded hundreds, but the rate of recovery is high

and gunmen belonging to one of the militias affiliated with the Assad forces, last night, due to the theft by the elements of a building in the neighborhood, according to the correspondent of DeirEzzor24 network. Our correspondent said that the quarrel erupted in the Shabbat neighborhood and the "Adai" building in the airline lane in the Rashidiya neighborhood, when a group of people found members of the Fourth Division and the Al-Quds Brigade militia looting houses by transporting blocks, ceramics, marble, wood molds and kitchen porcelain in a Suzuki truck and a cart. primitive. Al-Rashdiya neighborhood in Deir Ezzor city is considered one of the destroyed neighborhoods, as the percentage of destruction in it exceeded 80%, and the rest of the houses are uninhabited as a result of darkness and fear of militias that engage in theft and night looting

## **A meeting held yesterday after an attempt to assassinate an IRGC official in Deir Ezzor**

the commanders of the Iranian Revolutionary Guards militia held an emergency meeting at the militia's new headquarters on Port Said Street in the Al-Omal neighborhood of Deir Ezzor city, according to a special source for DeirEzzor24 network. The source told DeirEzzor24 that the reason for the meeting was to discuss an attempt to assassinate a leader of the Revolutionary Guards militia, who is the official of the Autonomous Office at Nasr Center, nicknamed "Abu Omran." According to the source, unknown persons planted an explosive device in Abu Omran's car, two days ago, but he alerted it when he saw the windshield of his car shifted from its position, to inform the commander of the Revolutionary Guards militia in Deir Ezzor, and raise the militia at a high level. This incident left local and foreign commanders of the Revolutionary Guards militia in Deir Ezzor with a state of fear and alertness

An exclusive source told DeirEzzor24 network that the commander of the Fifth Corps of the Russian First Division is imposing a sum of money on the new members of the corps. The source added that Brigadier General "Abdul-Jabbar", commander of the Fifth Corps in Deir Ezzor and affiliated with the Russian First Division, receives \$100 from the salary of each new volunteer element within the Corps, under the pretext of covering the tasks assigned to them. The salaries of volunteers in the ranks of the Corps are 200 USD per month, and it has been halved during the previous three months

## **Kabul", the brother of a commander" in the National Defense Militia, opens fire on a joint patrol**

A joint patrol and a group affiliated with the National Defense Militia were injured in an exchange of fire in the Al-Jura neighborhood of Deir Ezzor city, according to the correspondent of the DeirEzzor24 network. Our correspondent said that the clash occurred when a joint patrol raided the house of the brother of the leader of the National Defense Militia, "Ahmed al-Lahej", nicknamed "Kabul", on charges of shooting and wounding a young man earlier. Our correspondent added that "Kabul" resisted the patrol with a group of the National Defense Militia, resulting in a clash that resulted in injuries between the two parties. The patrol withdrew due to the violent resistance of "Kabul" and his companions, and he asked for support from the Defense Militia

## The global coalition conducted a landing operation in the east of Deir Ezzor

a group of the Global Coalition and SDF carried out an airdrop operation targeting a person in the town of Al-Hawaij in the eastern countryside of Deir Ezzor, according to the correspondent of DeirEzzor24 network. Our correspondent said that the helicopters of the international coalition sent a call through loudspeakers, before the start of the operation, to the people to adhere to the homes and that the area was besieged. He added that the operation lasted for about two hours and resulted in the arrest of a person named "Yahya al-Muslim", a resident of the town of al-Hawaij. The operation took place without any clash, and without knowing the reasons for his arrest

## **Severe shortage of medicines and milk for children in Deir Ezzor pharmacies**

The pharmacies of Deir Ezzor areas under the control of the Assad regime lack several types of medicines used to treat communicable diseases, according to the correspondent of DeirEzzor24 network. Our correspondent said that the most important lost medicines are blood pressure, diabetes, asthma, pain relievers and infant formula. He added that the Assad regime's Pharmacists Syndicate is unable to provide local medicines to pharmacies, and if medicines are available at some pharmacies, their prices are very high. It is worth noting that this shortage coincides with the spread of cholera, the advent of winter and the accompanying communicable diseases that require large quantities of medicine
