A new method of corruption in the Red Crescent in Deir Ezzor appears to the public

Recently discovered methods of corruption have been added to the corruption files of the Syrian Red Crescent in Deir Ezzor Governorate, according to what was reported by the correspondent of DeirEzzor24 Network. Our correspondent said that after completing the survey and evaluating the needy families by the Red Crescent teams in Deir Ezzor, the aid was divided into three tranches, the first monthly and includes the most needy families, the second every two months, and the third every three months, and the luxurious families were excluded. He added that the reality that appeared recently with the distribution of the Crescent's aid in a number of cities and towns, the latest of which was the town of Al-Boleel in the eastern countryside of Deir Ezzor, showed that the classification is random, tainted by nepotism. Classified for monthly aid rich, property owners and expatriates. The survey and evaluation operations took place in the summer of last year 2022 in all areas controlled by the regime in Deir Ezzor, at the behest of Dr. Ali Al-Ali, head of the Syrian Red Crescent branch in Deir Ezzor province.

Al-Ghadban family confiscates civilian homes in Deir Ezzor

DeirEzzor24 correspondent said that the Ghadhban family confiscated homes belonging to civilians in the Harabish neighborhood and the village of Al-Jafra in the city of Deir Ezzor. He added that "Hassan al-Ghadban," a leader in the Fourth Division, and "Raed al-Ghadban," head of the Ba'ath Party branch, prevented civilians from entering their homes adjacent to the homes of the al-Ghadban family, under the pretext that they were military locations. He confirmed that "Raed al-Ghadban" placed barriers at the entrances and prevented any civilian from entering his house, and gave the civilians a choice between two things: either they sell their homes to al-Ghadban at a price determined by the al-Ghadban family, or it remains a military zone to which they are prohibited from entering, "Al-Ghadban" family works in the field of drug trafficking, fuel smuggling and land grabbing, in addition to bribery and corruption, and enjoys support from the Assad regime and Iran.

A new transportation company links Hatlah in Deir Ezzor with Al-Sayeda Zainab in rural Damascus

DeirEzzor24 correspondent said that a new travel office linking the town of Hatla, northeast of Deir Ezzor, with the Sayeda Zainab area in the countryside of Damascus was opened recently. He added that the company is under the auspices of "Amer Al-Zaher" and will be harnessed to transport travelers and so-called pilgrims, in addition to delivering safes, securing services and encouraging the people of the town to strengthen ties between the two sites. The opening of this company comes within the framework of spreading Shiism in the region, under the auspices of Iran's agents, and under the direct supervision of the "Raja" and "Al-Mayouf" families and their followers

A delegation from the global coalition visits Al-Baghouz, east of Deir Ezzor

A delegation from the Global Coalition visited a number of centers in the town of Al-Baghouz in the eastern countryside of Deir Ezzor, according to the correspondent of DeirEzzor24 Network. Our correspondent said that the delegation's tour started from the health center and the conversation focused on medical needs and deficiencies, discussing the health situation in the town, and its administrative villages, where the coalition team promised to support the health center before the end of this month, and help provide needs for the people and stand up to their suffering. The reporter added that the team continued its tour to the local council of Al-Baghouz and held a meeting with the representatives of the town, who in turn conveyed the scale of destruction and damage to the town, including mosques, schools, homes, shops, and fruit trees. They also talked about the families of Al-Baghouz who lost their lives due to the course of the battle. The town's representatives demanded that consideration be given to the size of the losses, the provision of the necessary support, and the bringing in of humanitarian organizations to help the town's people and rid them of the suffering of service, health and other needs

The people of Deir Ezzor reject the Assad regime's fundraising campaigns

The people of Deir Ezzor in the areas controlled by the Assad regime refused to collect donations as part of the campaign launched by the Endowment Directorate in mosques after Friday prayers, because they did not trust that it would be delivered to those who deserve it, according to the correspondent of DeirEzzor24 Network. He added that they demanded the collection of in-kind and cash donations by suggested people from every city and village. The Directorate of Endowments of the Assad regime had instructed, since the night before yesterday, mosque officials to collect donations for the benefit of those affected by the earthquake and to hold absentee prayers for their souls after Friday prayers

Iran takes advantage of Shiite pilgrims' convoys and brings weapons to Deir Ezzor

DeirEzzor24 network correspondent said that the Iranian militias continue to smuggle weapons through the Al-Bukamal border crossings towards Deir Ezzor province, as part of the convoys of so-called pilgrims coming from the State of Iraq. Our correspondent added that a number of them entered towards the farms area in the city of Al-Mayadin, east of Deir Ezzor, and the weapons depot near the automatic bakery on Port Said Street in Deir Ezzor. The previous period, Deir Ezzor witnessed the entry of dozens of buses carrying Shiite pilgrims to participate in religious events of the sect.

Daesh attacks the Iranian Revolutionary Guard militia, east of Deir Ezzor

A Daesh cell launched an attack, last night, targeting advanced points of the Iranian Revolutionary Guard militia at the T2 station in the Al-Bukamal desert, east of Deir Ezzor, according to a reporter for DeirEzzor24 Network. He said that the attack took place late at night on motorcycles and a pick-up car, without any losses on either side. The organization launches attacks from time to time on points of Iranian militias and Assad's forces in the desert of Deir Ezzor.

Iranian militias in Deir Ezzor are taking advantage of the earthquake

A truck belonging to the Popular Mobilization Forces entered the Iranian Revolutionary Guard Hospital in Albukamal, east of Deir Ezzor, according to a reporter for DeirEzzor24 Network. He said that the truck entered the aid convoy that was brought into Syria for those affected by the earthquake, and its cargo was unloaded by hospital personnel in the warehouse. He added that another truck headed to the Iranian Shifa Hospital, the city of Al-Mayadeen, east of Deir Ezzor. The Iranian militias took advantage of the earthquake disaster and began bringing shipments of medicines and weapons to their headquarters in Deir Ezzor as part of the aid convoys.

DeirEzzor24 reveals the source of the fertilizer distributed from the Agricultural Bank

After distributing the "urea" fertilizer by the Agricultural Bank in Deir Ezzor, it was found that it was imported from the state of Serbia, contrary to what was expected that it was produced by the Homs plant of the Russian company (Transstroy Gas). According to a private source for the DeirEzzor24 network correspondent, this fertilizer was imported in the past year 2022 under a contract between the government of the Assad regime and the state of Serbia. DeirEzzor24 Network had previously published about the system of corruption sweeping the Deir Ezzor Agricultural Bank, which included selling fertilizer to the free market under fake agricultural licenses. Only 12 kg per dunam was distributed to cooperative societies and irrigation sector investors from influential personalities and the Iranian Revolutionary Guard militia

meeting in the city of Deir Ezzor

A Russian-Iranian meeting, represented by the so-called "Hajj Kamil" and the Russian general, took place last night in the suburban villas neighborhood of Deir Ezzor city, according to a special source for DeirEzzor24 Network. According to the source, the meeting came against the background of Iranian drones flying over the areas controlled by the Russian forces, towards the area controlled by the International Coalition, northeast of Deir Ezzor. Media pages had published news about the targeting of a march near the Conoco factory in the Maizela area, north of the city of Deir Ezzor

American forces announce the killing of a Daesh commander, east of Deir Ezzor

The US Central Command announced the killing of a prominent Daesh commander named "Hamza Al-Homsi" in a joint military operation carried out by the US forces with the SDF yesterday, in the village of Al-Hajna in the northern countryside of Deir Ezzor. According to the US forces' statement, 4 US soldiers were wounded during that operation and were taken for treatment at a US Army medical facility in Iraq. The real name of al-Homsi is "Bashar al-Badash," and that night, the American forces carried out another security operation in the village of al-Sabha, east of Deir Ezzor, which resulted in the killing of a former member of Daesh called "Muhannad al-Saray al-Bakhit

DeirEzzor24 reveals the content of the Iraqi convoy that entered Deir Ezzor

The length of the Iraqi convoy that entered Deir Ezzor province three days ago was about 2.5 km, consisting of four-wheel drive military vehicles and modern jeeps and Santa Fe, all of them flying the Iraqi Mobilization (yellow) flags, according to the correspondent of DeirEzzor24 Network. He added that pictures of "Qasim Soleimani", "Abu Mahdi Al-Muhandis" and "Khamenei" were placed on the front of the vehicles, and that the convoy was led by the so-called "Hajj Moayed," spokesman of the Iraqi Mobilization Authority. The convoy was not searched at all and it entered through Al-Bukamal crossing under the aid of transporting aid for those affected by the earthquake. He confirmed that the convoy included food, relief and fuel aid. Furthermore, it also included new batches of weapons, including missile launchers, Iran-made drones, which were transported to Al-Mayadin area and the Ayyash warehouses, west of the city of Deir Ezzo. This is the second batch of of weapons that have been transported to those areas this month. On the other hand, some vehicles were targeted by airstrikes , while others managed to reach their targets. The second batch is also for the Iraqi PMF, which brought in engineering equipment for excavation work, loaded on loader trucks, under the pretext of transporting aid to the earthquake victims in the areas controlled by the Assad regime in the province of Lattakia, Aleppo and Hama

The Russian battalion illegally catches fish from the Euphrates River in Deir Ezzor

The correspondent of DeirEzzor24 Network said that the Russian battalion responsible for securing the military bridge linking the towns of Al-Muraiya and Marat illegally catches fish from the Euphrates River in front of the fish wealth. Our correspondent added that members of the battalion use dynamite and electricity to catch fish from the Euphrates River in large quantities, and sell them in the markets and prevent civilian fishermen from approaching the area. The Russian militias also trade in the oil derivatives stolen from the Russian allocations for the owners of the stalls at specific prices in the name of diesel and Russian gasoline, in addition to selling the stolen goods taken from the looting of homes
