The IRGC militia relocated a military position in Deir Ezzor which they had used before to target the global coalition

A DeirEzzor24 network reporter said that the Iranian Revolutionary Guard militia relocated its military point from Al-Kanamat neighborhood near Al-Syouf Roundabout in the city of Deir Ezzor to another location. Our reporter added that the militia relocated the point, knowing that it had taken control of the site only about a week ago, to target the coalition base at the “Conoco” plant from this point more than once, which made it exposed and vulnerable to targeting. They changed it because the area is exposed from the northern side and it is almost destroyed and inhabitable, as civilians fled from the area because these sectarian militias had used them as human shields

The Iranian Revolutionary Guard militia conducts new drone training sessions in Deir Ezzor

The Al-Hamdan area, located near the village of Al-Sukariyah in the Al-Bukamal countryside, witnessed training on the use of drones by the Iranian Revolutionary Guard militia, according to a local reporter of DeirEzzor24. According to the reporter, the training was specified for local and foreign members, the main focus of which was the use of Iranian-made drones. Furthermore, commanders from the Iranian Revolutionary Guard militia and the Iraqi Popular Mobilization Forces supervised the training, in the presence of a number of Iranian militia commanders, most notably the Iranian Hajj Ibrahim. The Iranian Revolutionary Guard militia recently intensified its training courses for its members in Deir Ezzor on the use of drones, especially after the recent escalation with the global coalition in the region

Iranian militias evacuate their headquarters in Al-Mayadeen

Iranian militias evacuated a number of their headquarters spread in the city of Al-Mayadeen, east of Deir Ezzor, for fear of being targeted, according to what a DeirEzzor24 network correspondent reported. A private source told Deir Ezzor 24 that the majority of Iranian leaders left the city of Al-Mayadeen in civilian cars to unknown destinations, for fear of being targeted. It is worth mentioning that the Iranian militias evacuated the security square in the Al-Tammu neighborhood in the city of Al-Mayadeen today, and the square was emptied of even guard personnel.

A shipment of heavy weapons for Iranian militias arrives in Deir Ezzor

Huge trucks designated for transporting goods and vegetables arrived yesterday evening in the city of Al-Bukamal, east of Deir Ezzor, coming from Iraq, with huge protection from Iranian militia members, a private source told the DeirEzzor24 network. The source said that the trucks were loaded with missiles and drones, in addition to a communications system, and are scheduled to be distributed in the coming days to Iranian militia sites located on the contact lines with the SDF in Deir Ezzor. Iranian militias transport shipments of weapons and missiles to Syrian territory via vegetable trucks to prevent them from air strikes

Families from Al-Bukamal city have been displaced because of the Iranian militias

A displacement movement of a number of families from their homes to other homes in the city of Albukamal, east of Deir Ezzor, according to what was reported by the DeirEzzor24 network reporter. Our reporter said that families were displaced from the neighborhoods of the associations, the vicinity of the Al-Iman Mosque, and the vicinity of the Haggana area, due to the spread of Iranian militia headquarters near it, due to the residents' fear that those headquarters would be targeted. The region has recently witnessed many attacks on Iranian militia headquarters and points by American, Israeli and international coalition aircraft

New instructions from a commander in the Iranian Revolutionary Guard militia in Al-Bukamal city

The commander of the Iranian Revolutionary Guard militia, called "Hajj Askar," issued a decision to transfer and distribute patrol members and headquarters from the city of Albukamal, east of Deir Ezzor, according to what a DeirEzzor24 network reporter. Our reporter said that his decision led to the transfer of the elements to the desert points and on the Al-Kam field road and the Al-Tanf road to fill the shortage of elements there, due to the possibility of an attack on the region, "Hajj Askar" has made several changes in the Iranian militias since his return to the city of Albukamal, east of Deir Ezzor.

A warehouse for the Iranian Revolutionary Guard militia in Deir Ezzor has been robbed

A warehouse belonging to the Iranian Revolutionary Guard militia was attacked in the city of Albukamal, east of Deir Ezzor, according to a DeirEzzor24 network reporter. Our reporter said that the stolen warehouse was a large hangar located at the Al-Tayyara roundabout at the entrance to the city of Al-Bukamal from the direction of the village of Al-Sukkariyya, and it contained equipment such as electric generators and home furniture looted from the homes of the city's residents. The militia opened an extensive investigation, in cooperation with the security branches of the Assad regime, to find those responsible for the theft of the warehouse

Iranian militias deploy missile launchers in the city of Al-Mayadin

A DeirEzzor24 network reporter said that the Iranian militias deployed some field guns and rocket launchers on farms near the industrial zone in the city of Al-Mayadeen, east of Deir Ezzor. Our reporter added that the militias directed these weapons towards the areas controlled by the International Coalition in Deir ez-Zor, “east of the Euphrates”, where the International Coalition’s bases are located. The Iranian militias increased their guarding around the farms after the deployment of missile launchers, and prevented civilians and even local elements from approaching them. It is noteworthy that the sites where the Iranian militias deployed missile launchers were previously targeted by the international coalition with air strikes

Daesh launches an attack on Assad's forces east and west of Deir Ezzor

Daesh attacked positions of the Assad forces and the National Defense Militia, in the Al-Tibni desert, west of Deir Ezzor, and the outskirts of the town of Al-Duwair, east of the governorate, according to what a DeirEzzor24 network reporter. Our reporter said that the attack targeted joint positions of the Assad forces and the Defense Forces militia in the Al-Shiha area in the Al-Tabni desert, and left dead and wounded on both sides. It is noteworthy that Daesh members launch attacks from time to time targeting positions of Assad forces and Iranian militias in various areas of the Deir Ezzor desert.

Iranian militias rely on a Hezbollah militia unit to monitor their headquarters in Deir Ezzor

Iranian militias have recently relied mainly on members of Unit 313 of the Lebanese Hezbollah militia, according to a DeirEzzor24 network correspondent. Our correspondent said that the unit's primary mission is to monitor and protect the militia headquarters in Albukamal and its countryside, while excluding local elements for fear of leaking any information about them. A few days ago, the Iranian militias began evacuating their important weapons depots in Albukamal of personnel, leaving only two personnel for guarding. It is noteworthy that the Iranian militias have installed surveillance cameras in the vicinity of the headquarters, and they are being supervised from nearby places

The locations from which Iranian militia missiles were launched toward the Conoco gas plant base

A DeirEzzor24 network reporter said that all the strikes that targeted the international coalition base at the Conoco gas plant east of Deir Ezzor last night were launched from two locations. Our reporter added that the first location from which the missiles were launched was in Hawija Sukr, and the second was in Hawija al-Mariyah. He reported that the coalition responded immediately by bombing the missile launch sites, coinciding with air activity that continued for hours at dawn. The missiles of the Iranian Revolutionary Guard militia, which were launched from Hawija Al-Mariyah, were managed by the group of "Hassan Al-Ghadhban", a commander in the National Defense Militia and the Fourth Division and brother of the Secretary of the Baath Party branch

Iranian militias install a radar system in Deir Ezzor

The Iranian Revolutionary Guard militia installed a radar system in the area extending between the 137th Brigade and the Ayyash warehouses southwest of the city of Deir Ezzor, according to a DeirEzzor24 network reporter. Our reporter said that the Iranian militias brought the radar from Iraq and its installation was supervised by Iranian experts who arrived in Deir Ezzor a few days ago. Iranian militias brought heavy weapons and advanced communications equipment to Deir Ezzor recently, after the military escalation with the international coalition in the region

Iranian militias are on alert in Deir Ezzor after the events in Damascus

There is a huge alert among the Iranian-backed militias in the city of Al-Mayadeen, east of Deir Ezzor, according to a local reporter of DeirEzzor24. According to our reporter, Iranian militia members wandered among civilians and in the markets and were directed to stay away from their headquarters after repeatedly targeting the most prominent commanders of the Revolutionary Guard militia in Damascus. The militias have tightened their security measures against the residents and included careful searches of passersby and checking their personal cards

Iranian militias now resort to smuggling weapons to Deir Ezzor via convoys of Shiite visitors

This morning, Iraqi buses loaded with weapons arrived in the city of Al-Bukamal, east of Deir Ezzor, via the railway crossing, after which they used the military road in the desert to reach the city of Al-Mayadin, according to a local reporter of DeirEzzor24. According to the reporter, the shipment included medium-range missile launchers and drones; in addition to quantities of other weapons and ammunition. Our reporter added that the the buses posed as "Zeinab's Visitors", carrying members of the Iranian Revolutionary Guard militia, and passed the border crossing, bearing pictures of Qassem Soleimani on the front. This arms convoy comes one day after the coalition targeted an arms shipment for Iranian militias in the countryside of the city of Al-Bukama

An Iranian drone trainer arrives in Deir Ezzor

A private source told the DeirEzzor24 network that the Iranian Revolutionary Guard militia in Deir Ezzor brought in an Iranian trainer specialized in drones. According to the source, the militia brought the trainer with the aim of training a Lebanese group from Unit 313 of the Lebanese Hezbollah militia in Al-Hamdan area in Al-Bukamal desert, east of Deir Ezzor. Three shipments of Iranian militia drones arrived in Deir Ezzor during the past short period, one of which was targeted by the international coalition in the Al-Bukamal countryside a few days ago.
