The Revolutionary Guards Militia evacuates its headquarters in Hawijat Saqr in Deir Ezzor city

The Revolutionary Guards Militia evacuated its points in the Hawijat Saqr neighborhood in Deir Ezzor. It transferred its elements to the Albukamal area east of the Deir Ezzor governorate, according to a reporter of the DeirEzzor24 Network. Our reporter said that the transfer included families of elements from Al-Fu'ah and Kafraya who were living in apartments in Hawijat Saqr. The Revolutionary Guards Militia took strict security measures in Deir Ezzor, following the Israeli military escalation against the Hezbollah militia in Lebanon by the Zionist entity.

Leaders of the Revolutionary Guards militia seek to settle a Lebanese family in Al-Bukamal

Some leaders of the Revolutionary Guards militia in Al-Bukamal proposed the idea of settling Lebanese families in the neighborhoods of Al-Jam'iyat and Al-Sina'a, according to what a special source told DeirEzzor24 Network. The source said that the militia leaders sought to change the nature of the city in addition to benefiting those families so that the area would not be bombed because it had become civilian. He confirmed that many leaders admired the idea, but they postponed its implementation until they knew how things would turn out now. It is noteworthy that dozens of Lebanese families, most of whom are families of militia members, have arrived in Deir Ezzor in recent days, fleeing the ongoing bombing of areas in southern Lebanon

A Russian-Iranian meeting in Deir Ezzor for these reasons!

A meeting, the second of its kind after the recent airstrikes on Deir Ezzor province , was held yesterday in the State Security Branch building in Deir Ezzor city, according to a local reporter of the DeirEzzor24 Network. The source said that the meeting included the Russian general known as "Konstantin" and the known "Hajj Askar" representing the Revolutionary Guard militia in the region. He added that the Russians demanded the deportation of all Iranian points and headquarters near Deir Ezzor military airport, the development building in the Harabesh neighborhood, the human resources building from the employees neighborhood, and the Iranian kitchen near the Transportation Directorate on Port Said Street. The Russian forces had taken the same step five years ago, and succeeded in removing all the headquarters of the Iranian-backed militias from the six villages east of the Euphrates under the control of Assad's forces, and placing them under the control of the Fifth Corps of the First Russian Division under an agreement with the international coalition.

Coalition forces in Deir Ezzor initiate attacks on Iranian-backed militias

Coalition forces at the "Conoco Gas Plant" base northeast of Deir Ezzor have begun to initiate shelling of Iranian-backed militia points west and east of the Euphrates River in the past two days, according to a correspondent for Deir Ezzor 24 Network. Our correspondent said that coalition forces previously responded to the targeting of their bases by targeting missile launch points, but what is new is that the coalition has begun shelling the militias. He added that the coalition has intensified reconnaissance flights over the six villages east of the Euphrates and along the Euphrates River strip for the past three days after being satisfied with recordings and photos of the balloon it had raised for nearly a year near its bases in the "Conoco" and "Omar Field" bases east of Deir Ezzor. It is noteworthy that the coalition targeted movements of groups of the Revolutionary Guard militia with a single missile on the outskirts of the town of Al-Jafra last night, and with two rockets on Wednesday night targeting a militia point in Huwayjat Sakr east of Deir Ezzor city

The Revolutionary Guards Militia Holds a Training Course on Using Missiles in Deir Ezzor

According to a correspondent of DeirEzzor24 Network, the Revolutionary Guards Militia has opened a new training course in Deir Ezzor on using short-range missile bases. Our correspondent said that the course would be held at the "Al-Sayyal" training center west of Al-Bukamal, for elements who have undergone previous courses on using mortars and who possess high efficiency. He added that the course lasts for 20 days and is held over a full shift, and the course is paid in addition to granting the trainee a cash assignment that is added to his salary. Notably, the militia will subject those who pass the training course to a practical exam in its shooting ranges in the Albukamal desert east of Deir Ezzor.

A DeirEzzor24 source reveals those responsible for the coalition bombing operations in Deir Ezzor

A special source for DeirEzzor24 revealed the person responsible for the operations targeting the international coalition base in the Conoco gas plant northeast of Deir Ezzor. The source said that the first person responsible for the assassination operations is the leader in the Hezbollah militia affiliated with the Revolutionary Guards militia, "Tareq Yassin Al-Mayouf" nicknamed (Abu Aqil). He added that the second person responsible for the operations targeting the coalition bases is "Laith Nawaf Al-Basheer" nicknamed (Abu Al-Karrar) and supported by the Fourth Division of the Assad forces. He confirmed that the targeting operations are carried out from the areas of Hawijat Sakr in the city of Deir Ezzor, and Al-Jafra and Al-Mari'iyah in the eastern countryside. It is noteworthy that "Al-Mayouf" is from the town of Hatla in the countryside of Deir Ezzor, and he is the son of the second man of the Shiites of the eastern region after the dead "Hussein Al-Raja

For the first time.. Houthi militia arrives in Deir Ezzor

About 25 leaders and specialists affiliated with the "Houthi" militia entered Syria from Iraq, through the border crossing of the Iranian-backed militias, under the protection of vehicles belonging to the militias, according to what a special source told DeirEzzor24 Network. The source said that the militias transferred the "Houthi" elements immediately upon their arrival to the security human resources square in the city of Albukamal, east of Deir Ezzor, and they were received by the so-called "Hajj Askar", the commander of the Revolutionary Guard militias in Albukamal. The source confirmed that the "Houthi" militia elements who arrived in Albukamal specialize in using drones and missiles. It is worth noting that this is the first time that elements of the Houthi militia in Yemen have arrived in Deir Ezzor

Elements of the Iranian-backed militias fled their positions in Al-Bukamal

Elements of the Iranian-backed militias fled their positions in the Al-Bukamal desert, fearing that they would be targeted by airstrikes, according to a correspondent for DeirEzzor24 Network. Our correspondent said that the elements fled to unknown areas, after being assigned to guard points belonging to the Revolutionary Guard militia in the desert. It is noteworthy that officers from the Republican Guard and the Fourth Division formed patrols to search for the fleeing elements, and circulated their names to all checkpoints spread across the area, where they are trying to find the defected elements, before they reach the areas controlled by the SDF

With the intervention of "Hajj Askar", the Military Security releases the targets of "Conoco"

The Military Security released the detainees who were arrested a few days ago in the town of Marat, east of Deir Ezzor, while trying to target the "Conoco Factory" base, according to what the correspondent of DeirEzzor24 Network reported. Our correspondent said that the Military Security Branch affiliated with the Assad regime released the detainees upon a call from the commander of the Revolutionary Guards militia in Albukamal, called "Hajj Askar". It is noteworthy that the detainees are one from the Al-Sour area, north of Deir Ezzor, and the other from the city of Al-Busayrah, and they work for the so-called "Muhannad Al-Hamoud", who is affiliated with the Revolutionary Guards militia
